Dean's Endowed Recruitment Scholarship

Shapla Rahman

Receiving this scholarship is an honor. I have worked hard over the years to get where I am today and receiving this scholarship is a way I tell myself it's worth it. I want to be a clinical laboratory scientist because I simply love what I do. I have had a passion for lab ever since I entered college.

My goal after graduation is to educate people of the importance of my field. Without the work clinical laboratory scientists do, it would be impossible to treat patients. We like to consider ourselves the undercover heroes. I would like to thank the donors. This scholarship gives us students the strive to do even better and go further.

Dean's Endowed Recruitment Scholarship

Joanne Guan

I am incredibly thankful for being awarded this scholarship to fund my education and for the principles it represents. Promoting diversity in the health sciences provides the unique perspectives that will contribute to the advancement of health and medicine.

Thank you for your donation for the advancement and development of health science professionals.
