Imagine being a member of a coalition of researchers, educators, and practitioners from many professions who work together to improve human health. We transform students into highly skilled health care practitioners who advance the health and well-being of society. Through research, we discover, evaluate, and implement new knowledge to improve models and methods of practice in pharmacy and health sciences from the urban to global levels. Arrive at your health career destination by accepting our invitation to explore the programs of the Eugene Applebaum College of Pharmacy and Health Sciences.

**WHAT DOES AN OCCUPATIONAL THERAPIST DO?**
An occupational therapist helps people enhance wellness at any stage in life. They help patients engage in everyday activities that are important to them, and learn how to prevent, overcome or manage physical or psychological impairments, disabilities, or other health-related conditions. Using a variety of productive and creative activities, occupational therapists show patients how to live life to its fullest potential.

For more information about a career in occupational therapy, please contact:

- National Board for Certification in Occupational Therapy, Inc. (NBCOT), 301-990-7979 www.nbcot.org

**WHY OCCUPATIONAL THERAPY?**
“*One of Wayne State’s biggest assets is they have a knowledgeable, friendly faculty with a wide variety of strengths and they are all invested in the success of each of their students. They provide an excellent knowledge base to help prepare students for their future careers.*”

- LINDSAY MOORE
Occupational Therapist

**WHY WAYNE STATE UNIVERSITY?**
Wayne State University is one of America’s premier urban research universities, with more than 28,000 graduate and undergraduate students. The University provides a multidisciplinary approach to research and education, and collaborates closely with government, industry and other institutions on a range of programs.

The Eugene Applebaum College of Pharmacy and Health Sciences (EACPHS) is located on one of the largest academic medical campuses in the United States and puts you in close proximity to the nation’s leading health care educators. A degree from the College puts you in good company, with more than 12,000 EACPHS-educated health care professionals working in Michigan.

The Wayne State University occupational therapy program has a reputation for training compassionate and innovative healthcare professionals. The program helps students develop skills in clinical practice, research, entrepreneurship, technology and advocacy with the goal of creating culturally competent practitioners who will provide services in traditional and emerging practice areas. Students work with leading-edge equipment, are mentored by experts in the field with “hands-on” assignments, and gain dynamic group experience in the program.

**HOW DO I APPLY?**
The application deadline is **December 1** of each year. The applicant must successfully complete application requirements, including the program application and all supplemental materials. Completion of admission requirements does not guarantee an interview or admission into the program.
ADMISSION REQUIREMENTS

- A minimum of 3.0 overall GPA as well as 3.0 in science prerequisite coursework.
- All grades in prerequisite requirements must be a minimum of “C” or better (2.0 on a 4.0 grade scale).
- Bachelor’s degree from an accredited institution by program start.
- A minimum of 20 contact hours under the supervision of a Registered Occupational Therapist (OTR), or equivalent, prior to admission to the program.
- All science prerequisites must be completed by the end of December.
- For 2020, non-science prerequisite requirements and pathophysiology* must be completed by May.

LINDSAY MOORE completed the Wayne State University Master of Occupational therapy program. And is now an occupational therapist at Sinai-Grace hospital in Detroit. She recently transitioned from the rehabilitation department to acute care for a change of pace and to develop new skills. She says, “The OT program at WSU gave me the necessary foundation to work in a variety of settings by introducing me to specialized fields.” In addition to the excellent career preparation the program provided, she also notes the “sense of camaraderie and community” she enjoyed while a student. She advises new students to soak in every minute as they prepare for what she enjoys as a “fast paced and rewarding”

NOTE: As of 2020, a completed bachelor’s degree is an application requirement. The program will be changing to a doctoral program in the future (date to be determined). Check the Web page frequently for updates:
