IMPORTANT DEADLINES AND DATES TO REMEMBER

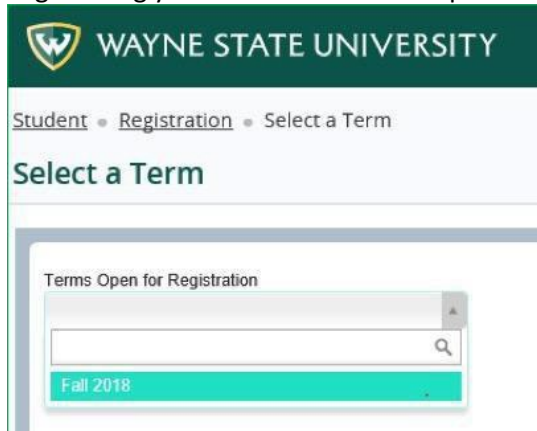

- Attend PharmPhest.....May 21
- Attend College and Pharmacy Orientations.....August 19
- Submit all required forms in CORE ELMS.....August 19
- Attend White Coat Ceremony.....August 20
- Complete all patient care settings requirementsAugust 26
- Classes beginAugust 26

HOW TO REGISTER

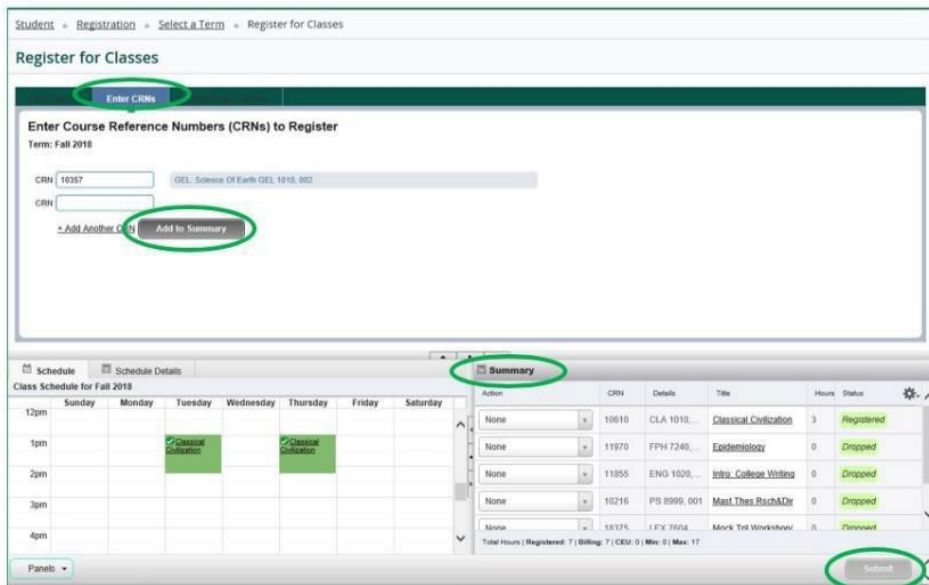

1. Go to registration.wayne.edu
2. Select "Register for Classes"

3. Log in using your WSU Access ID and password, then select your term.

4. Read and confirm the Financial Responsibility Agreement.
5. Click on the Enter CRNs tab. Enter the CRNs and click Add to Summary to add the classes to your schedule. Click Submit to register.

FIRST SEMESTER COURSE SCHEDULE

Course Number	Course Name	Credits	CRN	Date & Time	Faculty
PHA 4105	Pathophysiology I	3	12629	MW 10-11:20am	Pokorski
PSC 4115	Pharmaceutics I	3	12630	WF 12:30-1:50pm	Iyer
PSC 4125	Intro to Pharmaceutical Sciences	3	12631	MW 8:30-9:50am	Firestine
PHA 4125	Drug Literature Evaluation and Foundations of Research	3	12632	T 8:30-11:20am	Rabinak
PPR 4115	SAS and PD I: Introduction to the Pharmacy Profession	3	17190	Th 8:30-11:20	Moser
Total Credits		15			

PHARMACY CALENDAR

The 2024/2025 Pharmacy Academic Calendar can be found online at

<http://cphs.wayne.edu/pharmd/class-schedule.php>.

Note that classes for P1 students start on August 26.

TEXTBOOKS AND OTHER SUPPLIES

Each student will need to purchase a stethoscope (Littmann Classic II SE or equivalent) and a professional model aneroid (dial display) manual inflation sphygmomanometer. Short, white lab coats are required for lab. It is recommended (but not required) that students purchase a combination otoscope/ophthalmoscope (Welch Allyn 2.5V pocketscope or equivalent) for practice outside of class (this equipment is available for use in class but cannot leave the lab).

For the fall semester, the following textbooks are required or recommended:

Course Number	Course Name	Text(s) and/or Equipment
PHA 4105	Pathophysiology I	Required: Understanding Pathophysiology, most recent edition. By Huether Publisher: ELSEVIER
PSC 4115	Pharmaceutics I	Required: Ansel's Pharmaceutical Dosage Forms and Drug Delivery Systems, 11th edition. By Allen Publisher: Lippincott/Williams & Wilkins Required: Martin's Physical Pharmacy and Pharmaceutical Sciences, 7th edition. By Sinko Publisher: Lippincott/Williams and Wilkins Recommended: Nanotechnology-Based Approaches for Targeting and Delivery of Drugs and Genes, 1 st edition. By Mishra et al. Publisher: Academic Press
PSC 4125	Intro to Pharmaceutical Sciences	None
PHA 4125	Drug Literature and Foundations of Research	None
PPR 4115	Introduction to the Pharmacy Profession	Required: Exploring Medical Language, A Student-Directed Approach, 11 th edition. By LaFleur Brooks Publisher: Mosby

Please note that some books are available online/free of charge through the WSU Library and are not added to the list above. Additional information about these books will be found in each course syllabus.

COMPUTER REQUIREMENTS

For the start of the Doctor of Pharmacy curriculum, students should be equipped with computer laptops that meet specifications of recommended hardware at: <https://tech.wayne.edu/help/supported-software>. Student devices should be either Windows or Mac operating systems since these are supported by the electronic testing tool used by the program. In addition to the above hardware and software suggestions, we recommend that purchased PC and Mac laptops have an Ethernet port or purchase an Ethernet adapter if an Ethernet port does not exist. The ability to wire the device for internet access will stabilize video and conferencing capabilities. We do not recommend iPads or

ultraportable tablets, as they are not compatible with current or planned electronic testing systems. Students are also required to have their own privacy screen protector that can be utilized for any online examination to enhance examination security conducted in a campus building. Specifics regarding operating systems are listed below this paragraph.

Additional Computer Devices required for Online Learning and Academic success: All students must have a working computer camera and microphone for conferences, presentations, and oral defenses; a smart phone for video and communication, and a wired or wireless mouse for testing. While not required, a printer is strongly encouraged to print study or assessment materials or professional forms.

Recommended type and speed of internet: Broadband internet is recommended. Individual application system requirements can be found at: <https://tech.wayne.edu/help/supported-software>

Minimum specifications needed to support use of various systems:

1. Minimums needed to support WSU systems of Canvas, Echo 360, Respondus Lockdown: <https://tech.wayne.edu/help/supported-software>
2. Minimums needed to support the use of ExamSoft can be found at: <https://examsoft.com/resources/examplify-minimum-system-requirements/>
For Windows-based operating systems, the minimum version is Windows 10 operating system and 64-bit is required.
For Mac-based operating systems, minimum versions are Monterey, Ventura, and Sonoma.
Please note that ExamSoft system requirements are periodically updated based on the platform version.

FINANCIAL AID

Federal financial aid awards are available to pharmacy and health science students who demonstrate financial need as defined by the federal government. If you haven't already done so, complete the Free Application for Federal Student Aid on-line at <https://studentaid.gov/>. Further information can be obtained online at www.financialaid.wayne.edu.

The college's liaison in the WSU Office of Student Financial Aid is Jane Warunek, financial aid officer. They can be reached by email at finaideacphs@wayne.edu or by phone at 313-577-3201.

UPDATED TRANSCRIPTS

If you have completed additional courses or a degree at an institution **other than WSU** since completing your PharmCAS application (or doing the PharmCAS academic update), official transcripts need to be sent to:

Wayne State University
Transfer Credit Evaluation
P.O. Box 02759
Detroit, MI 48202

Official electronic transcripts should be emailed to WSU undergraduate admissions at admissions@wayne.edu

REQUIREMENTS FOR DOCTOR OF PHARMACY STUDENTS IN PATIENT CARE SETTINGS

Doctor of Pharmacy student pharmacists are required to participate in experiential education involving patient care in various healthcare settings. This practical training may take place in community, ambulatory or health-system pharmacy sites. Patient care educational activities may be required for didactic courses, patient care laboratories, directed studies, and introductory and advanced pharmacy practice experiences. Specific requirements must be met and maintained for a student to be placed at a practice site.

All new (first year or transfer) student pharmacists are to provide written documentation of a negative tuberculin skin test, immunity to measles, rubella, mumps, varicella, Tdap, and Hepatitis B, seasonal flu vaccination, COVID-19 vaccination, proof of liability insurance, proof of a Pharmacist Educational Limited (Intern) License (to be obtained after beginning the first semester), Basic Cardiac Life Support certification (BCLS), health insurance, proof of HIPAA training, completion of Bloodborne Pathogen Training, and a signed travel waiver. **All of these requirements must be met, and the appropriate paperwork must be submitted to WSU before the fall semester begins.**

Annually, student pharmacists are to provide written documentation of a negative tuberculin skin test, seasonal flu vaccination, proof of liability insurance, Pharmacist Educational Limited (Intern) License, Bloodborne Pathogen Training, HIPAA training, and current BCLS certification.

Before a student pharmacist may begin a pharmacy practice experience, a student must have completed a Health Clearance Form signed by a physician or other health care provider. The Health Clearance form is to be completed before the fall semester of the first professional year and updated as required.

Canadian student pharmacists MUST be registered with the Ontario College of Pharmacy for site placement in Canada for IPPE and APPE rotations (<https://www.ocpinfo.com/registration/register-pharmacist/acpe-undergrad/>). Canadian students should also review information at <https://www.pharmacistsgatewaycanada.ca>.

The following information must be documented:

- A. Written documentation of a negative tuberculin skin test with Purified Protein Derivative (PPD) **must be provided for each year** in which the student pharmacist will be participating in pharmacy practice experiences.

In the case of a positive PPD test or a known contraindication to the PPD test, documentation of a negative chest X-ray for tuberculosis must be provided initially. Annually, the student pharmacist must provide documentation that he or she is clinically-free of tuberculosis. Follow-up chest X-rays will be done at the discretion of the individual's physician.

- B. Immunity to measles (rubeola), rubella, mumps and varicella. If a student has never been immunized or does not demonstrate immunity, the student must be immunized with measles, mumps, and rubella vaccine (MMR) and/or varicella virus vaccine.

Measles, Mumps & Rubella Immunity (MMR)

- Documented administration of “two doses” of live measles, mumps & rubella (MMR) virus vaccine, or
- Serologic laboratory evidence of immunity to each virus.

Varicella Immunity

- Documented administration of “two doses” of live varicella vaccine, or
- Serologic laboratory evidence of immunity

Note: If vaccinated with MMRV – need documented administration of “two doses”

- C. It is required that students show proof of vaccination for Tetanus toxoid, reduced diphtheria toxoid, and acellular pertussis vaccine (Tdap) – If a student has never received Tdap or does not demonstrate immunity, the student must be immunized.
- D. It is required that student pharmacists be vaccinated annually for seasonal flu every fall. You are to carry visible proof of vaccination. Without visible proof, you will be required to wear an appropriate mask while providing direct patient care.
<https://hr.wayne.edu/coronavirus/flu-vaccine-declination-waiver.pdf>
- E. It is recommended, but not required, that student pharmacists obtain the Hepatitis B Vaccine. All student pharmacists refusing this vaccine must sign a waiver form.
- F. It is required that students submit evidence of COVID-19 vaccination. If not vaccinated, students must obtain a one-dose COVID-19 vaccine, or students who do not plan to receive the COVID-19 vaccine must submit the Medical/Religious Observation Declination Form (<https://wayne.edu/coronavirus/covid-vaccine-declination-form.pdf>) to Campus Health Center and upload approval from Campus Health to the COVID-19 Vaccine CHC Exemption section in CORE ELMS. The denial form can be submitted here:
<https://forms.office.com/Pages/ResponsePage.aspx?id=yd4c5R2BHUE75t09jVTCiOrAmlAGrhJNjz6Kt5-NUXhUQ1hURTZJNUU4TUxZOFrYSzE1RTRNVjRGVS4u>
- G. Proof of the Pharmacists Educational Limited (Intern) Licensure. Michigan law requires that every student be licensed as a pharmacy intern (even if the student does not live in Michigan). This license **must** be renewed annually. All applicants for a health profession license in Michigan are required to submit fingerprints and undergo a criminal background check. Follow the instructions in the packet. According to the licensure instructions, your "fingerprints are submitted to the Michigan State Police for analysis. If no criminal history is found, the Bureau of Health Professions will be notified. If criminal history information is found, the Michigan State Police will send the records directly to the Bureau of Health Professions for review." Please note that the University is NOT involved in the fingerprinting process.

Directions on completing the Pharmacists Educational Limited (Intern) License are found below. You

can also access this link to obtain a complete checklist of requirements for a Pharmacy Intern license: (<https://www.michigan.gov/lara/-/media/Project/Websites/lara/bpl/Pharmacy/Licensing-Info-and-Forms/Info/Pharmacist-Intern-Licensing-Guide.pdf?rev=790674f9bb8b4706b8b89c067d712260&hash=ACB13429F6EF7825B956EAD40DBEC36B>)

Steps:

1. The State of Michigan requires that all student pharmacists complete Implicit Bias Training in order to begin the application process for a Pharmacist Intern License. If you have already received this training, you can begin Steps 2-10 below. If you have not completed this training, the WSU EACPHS Pharm.D. program will offer you the Implicit bias Training on **August 20, 2024**. Once you complete the training you can then begin Steps 2-10 below. All students will be invited through email to attend the Pharm.D. program's Implicit Bias Training. Please RSVP to the invitation whether you will or will not be attending.
2. You can access the license application online at https://www.michigan.gov/lara/0,4601,7-154-89334_72600_92411---,00.html
3. Click on "MiPLUS Login."
4. If you already have a MiPlus account, you can login. If you do not have an account, click on "New Users: Register for an Account" and create a new account.
5. Once you login to your account, click on "licenses," then "Apply for a license or Submit a Request."
6. Select the "Pharmacist Intern Application" from the Pharmacy drop down menu.
7. Fill out the required information.
8. Select "yes" when asked if you are currently enrolled in an ACPE accredited college and enter Wayne State University. The Program start date is **August 26, 2024**.
9. If you answered "yes" to either of the good moral character questions, you must upload court documents for each conviction.
If you answered "yes" to the disciplinary action question, you must upload documentation from each State Board or administrative agency indicating the resolution of the sanctions.
10. Review the information and submit the payment fees.

Once you have completed the first steps for licensure and submitted fees you will receive an Application Confirmation. This letter will provide instructions for the following:

- A. Fingerprinting: Fingerprints must be taken using the Customer ID number and instructions provided in the Application Confirmation letter.
- B. Criminal Background Check: The emailed Application Confirmation letter will provide instructions to complete the Criminal Background Check. If no criminal history is found, the Health Professions Licensing Division will be notified. If criminal history information is found, the Michigan State Police will send the record directly to the Health Professions Licensing Division for review.
- C. SOCIAL SECURITY NUMBER EXPLANATION FORM, download and complete it, and upload it as a supporting documentation attachment to your application if you have a social security number and did not provide the number during registration, OR if you are exempt under law from

obtaining or disclosing your social security number.

- D. **You do NOT need to complete the College of Pharmacy Affidavit.** The Office of Student Affairs will complete the College of Pharmacy Affidavit for all P1 students who attend the first week of classes. The Affidavit will be sent to the Board of Pharmacy by **September 15**. The Affidavit will be matched up with your application at the Board. Once the Board processes it, you will receive your Intern License.

Please note that students cannot be fully registered as an intern until they start attending classes in the Fall Semester. Therefore, the Office of Student Affairs will not complete the College of Pharmacy Affidavit portion of the application until the beginning of the fall semester. There are no exceptions.

- E. Proof of Individual Pharmacists Professional Liability Insurance. Coverage must be for \$1,000,000 per occurrence and \$3,000,000 aggregate. To be purchased online each fall from the Pharmacist Mutual Professional Liability Insurance webpage at <https://www.phmic.com/pharmacy-student/>. Renew annually. Expires annually. Please see the following notes on how to complete the application:
- Classification: Pharmacy Student/Intern
 - University Address: 259 Mack Avenue
 - University State: MI
 - University City: Detroit
 - University Province/County: Wayne
 - University Name: Wayne State University
 - University Zip: 48201
 - Expected Graduation date: **May 2028**
 - Liability Limits: \$1,000,000/\$3,000,000
 - Do you have an individual professional liability policy with another carrier? Answer Yes or No
 - Has any claim or lawsuit for Pharmacy Professional Liability ever been brought against you or are you aware of any incidents that may result in a claim or lawsuit? Answer Yes or No
 - Within the last 5 years, have you been the subject of complaints, charges, or disciplinary action for any reason, by a court, regulatory agency or Board of Pharmacy? Answer Yes or No
 - Are you a current member with Pharmacists Mutual? Answer Yes or No
 - Effective date of the policy: **August 26, 2024**
 - Enter your name
 - Enter your birthdate
 - License Number: 999
 - Mailing address: Your home address if you reside in the US. If you live in Canada, please use the College's address: 259 Mack Avenue, Detroit, MI 48201 *Note: This insurance does cover students while completing rotations in Canada.*
 - Is this address located within city limits? Yes
 - Enter your email and phone number(s)
 - Type your name as your signature
 - Pay online or by Phone
- F. Proof of completion of a Basic Cardiac Life Support course for each year in which the student pharmacist will be participating in pharmacy practice experiences. The course must include adult and pediatric CPR (including 2-rescuer scenarios and use of the bag mask), foreign-body airway obstruction, and use of automated external defibrillation with CPR. Upon completion of this

course, the student will receive a certification card specifying which course was completed. The course is available through the American Red Cross, American Heart Association, local hospitals, and other organizations. Recertification is required every two years. **Online certification is not acceptable.**

Typically, the Kappa Psi Pharmaceutical Fraternity will offer an approved one-day course at the Eugene Applebaum College of Pharmacy and Health Sciences.

- G. Proof of health insurance covering “injury and sickness” (i.e., BC/BS, HAP, etc.). Documentation for health insurance must be annually provided. This can be in the form of a letter from the insurance company or your insurance card. (If you are not the primary insurance holder, your card may have the name of your spouse or parent. This is acceptable.)

If you do not have health Insurance, you must purchase a private plan with coverage that is effective by the start of the fall semester.

- H. Proof of HIPAA Training. All students must annually complete HIPAA training.
1. Create your Pharmacist’s Letter account at <https://apps.therapeuticresearch.com/profile/account/create-sph>
 2. Complete the form with your name, email, username and password, school of pharmacy, and anticipated graduation year.
 3. Once you submit the form, you should receive an email with a link to finish creating your student account. Once you verify the email address and finalize the account setup process, you will be able to access your Pharmacist’s Letter account.
 4. Login to Pharmacist’s Letter at <https://pharmacist.therapeuticresearch.com/Home/PL>
 5. At the top, click on “CE & Training” and then choose the option “CE Organizer.”
 6. This will take you to a new screen which shows the HIPAA training that you are required to complete. There are 2 different trainings: HIPAA & Privacy – 2024 and HIPAA Security - 2024. Each training includes information for you to read and a 10-question quiz at the end.
 7. Once you submit your answers, a box will appear at the top of the screen with your quiz submission results. You must correct any questions that you missed and submit it again until **you have answered all the questions correctly**. Once you have answered all 10 questions correctly, you can choose Submit Your Quiz score. You will have the option to print a report that shows you have completed the training if you want. You need to upload both reports to the corresponding requirement in CORE ELMS.
- I. Human Trafficking Training – The State of Michigan requires training for Human Trafficking to receive your Michigan Pharmacist Intern License. This training is available on the Region V Public Health Training Center Website at <https://www.mittrainingcenter.org/>. Below are instructions for how you can find and complete this training.
1. Once you have clicked this link <https://www.mittrainingcenter.org/>, in the search menu enter “Human Trafficking”. The title “Human Trafficking Prevention and Advocacy (On Demand-No CE)” should appear.
 2. Click “Enroll Now.”
 3. You will be prompted to Create an Account.
 - a. For job title enter “Student Pharmacist”

- b. Organization enter "Wayne State University"
 - c. Enter your address, Canadian students enter the schools address "259 Mack Ave, Detroit MI, 48201, US."
 - d. Click, Student or Intern
 - e. Click "register new account"
 - f. Click "Pay and Enroll" and pay fee
 - g. Go to your email, the first email is to complete your registration. Click in the email "Complete Registration", create password. You will then be redirected to the Human trafficking course in your dashboard.
 - h. Begin Course and follow the directions below to download your "Certification of Completion" that you will need to apply for your pharmacy intern license.
- J. Bloodborne Pathogen Training. All students must annually complete the Biosafety/Bloodborne Pathogen Training. This training must be completed each year by all PharmD students.

Steps: Go to <https://about.citiprogram.org/en/homepage/>, then Register

1. Select Your Organization Affiliation - Wayne State University-Detroit, MI
 - a. I agree
 - b. I affirm
 2. Personal Information
 3. Security information
 4. Country
 5. Questions - No for CE
 6. Questions - Student Research - Undergraduate; Department - Pharmacy; Primary Investigator - Pharmacy
 7. Select Question #11: Biosafety/Bloodborne Pathogen Course
 8. Once you have completed the course including the required reading and test, you will receive a certificate of completion.
- K. Each student pharmacist will be asked to sign a travel release the first semester that the student is enrolled in the College. This waiver frees the university and its employees, agents, and affiliates of liability that may arise or occur due directly or indirectly as the result of transportation to, from, or during any pharmacy practice experience. Your signature must be witnessed by one other person (and can be a friend or family member). The signature and witness signature must be done at the same time!
- L. Naloxone training: All students are required to complete a Naloxone training. The link below describes the requirements. Please read the following link <https://cus.wayne.edu/research/stop>
- o A Naloxone training date will be scheduled after the semester starts. Date TBD.
- M. Please note that drug testing may be required for site placements. If drug testing is required, you will be given information by your placement site during that time. There is nothing that you need to do now.

**All documentation will be uploaded to the Requirement Section of your CORE ELMS account. You will

receive CORE ELMS login information and instructions in July. **

**If you have any questions regarding requirements for pharmacy practice experiences, contact:
Kelly Van Frankenhuyzen, Experiential Education Program Manager at kvanfrank@wayne.edu**

TRAVEL RELEASE

I, _____ of _____
(Name) (City, State/Province)

In consideration for the right to participate in the pharmacy practice experience courses that are part of my requirements for the doctor of pharmacy degree awarded by this College, I do hereby agree to hold the Board of Governors of Wayne State University and its employees, agents and affiliates harmless and free from any and all liability which arises from or is incurred because of any transaction or occurrence associated directly or indirectly with my transportation to, from, and during any pharmacy practice experience course.

Signed: _____ Dated: _____

Witness: _____ Dated: _____

Note that the student and witness must sign at the same time.

Wayne State University
Eugene Applebaum College of Pharmacy and Health Sciences

HEALTH CLEARANCE FORM

General Information Section (to be completed by student; please print)

Name: _____ WSU Student ID No: _____
(9-digit One Card Number)

Address: _____

City: _____ State: _____ Zip: _____

Daytime Phone No: _____ Evening Phone No: _____

Email Address: _____

In case of emergency contact: _____

Relationship: _____ at Phone No: _____

Student Statement of Understanding:

I understand that, before I participate in a pharmacy practice experience, I must provide the Eugene Applebaum College of Pharmacy and Health Sciences with a completed Health Clearance Form, indicating:

1. Proof of immunity to rubeola, rubella, mumps, and varicella by documentation of immunization or by appropriate serologic laboratory results.
2. Proof of a negative tuberculin skin test as determined by intradermal injection of Purified Protein Derivative (PPD). In case of a positive PPD skin test or a known contraindication to the PPD skin test, a negative chest X-ray for tuberculosis or clinical documentation that no active disease is present must be documented.

I understand that Hepatitis B vaccine is *strongly recommended*, but not required for persons having contact with blood and body secretions, such as health care workers and designated clinical students. Receipt of the Hepatitis B vaccine is voluntary, not a condition for being placed at any particular site. I understand that if I decline this vaccination, I must sign the Waiver of Responsibility Form indicating such.

Student Signature: _____ Date: _____

HEALTH AND IMMUNIZATION RECORD

(To be completed by a health care provider)

Students in the pharmacy curriculum at Wayne State University Eugene Applebaum College of Pharmacy & Health Sciences participate in pharmacy practice experiences in both institutional and community pharmacy settings. Before a student participates in practice experience courses, written documentation indicating immunity to measles (rubeola), rubella, and varicella is required at the beginning of the first semester in the program and negative intradermal tuberculin skin test (PPD) each year in which the student takes an experiential course.

Immunity to measles (rubeola) and mumps are to be documented by proof of administration of two doses of live measles virus vaccine or serologic laboratory evidence, rubella by administration of one dose of live virus vaccine or serologic laboratory evidence, and varicella by administration of two doses of varicella virus vaccine or serologic laboratory evidence. **Chickenpox by history is not acceptable (CDC regulations for health care employees).** Appropriate laboratory levels indicating immunity to rubella, rubeola, mumps, and varicella are to be reported quantitatively on this form or by attaching a copy of the laboratory results. If a student has never been immunized or does not demonstrate immunity, the student must be immunized with measles, mumps, and rubella vaccine (MMR) and/or varicella virus vaccine.

In case of a positive PPD test or a known contraindication to the PPD test, a negative chest X-ray for tuberculosis or clinical documentation that no active disease is present must be documented.

Student Name: _____

(Please Print)

Please complete the following section indicating immunization record or serologic laboratory results.

IMMUNIZATION RECORD		
Immunizations	Date(s) Received	
Measles (rubeola)		
Rubella		
Mumps		
Tdap		
Varicella (chickenpox by history cannot be accepted)		
Hepatitis B		
Laboratory/Diagnostic Tests	Dates Performed	Results
Tuberculin Skin Test (PPD)		
Chest X-ray (if PPD positive)		
Measles (rubeola)-quantitative results		
Rubella-quantitative results		
Mumps -quantitative results		
Varicella-quantitative results		

By my signature below, I hereby certify that the above named individual has received the immunizations and laboratory tests listed above.

WAIVER OF RESPONSIBILITY

Hepatitis B Immunization

I understand that it is recommended by the Eugene Applebaum College of Pharmacy and Health Sciences that I receive the Hepatitis B vaccine series (3 injections) prior to the start of any pharmacy practice experience course. I acknowledge and understand that receiving the Hepatitis B vaccine is highly recommended, but not required for persons having contact with blood and body secretions, such as health care workers and designated clinical students and that the receipt of the Hepatitis B vaccine is voluntary and not a condition for being placed at any particular site.

_____ I do not wish to receive Hepatitis B vaccine at this time. I understand that by refusing this vaccine I continue to be at risk for acquiring Hepatitis B.

I understand that if I change my mind and receive the Hepatitis B vaccination later, either before or during any pharmacy practice experience course, I will provide this immunization information to the Office of Professional Experiences Programs.

By signing this form, I am indicating my refusal to obtain the Hepatitis B vaccine series and voluntarily assume the risks of acquiring Hepatitis B during required pharmacy practice experience courses as part of my educational requirements for the Doctor of Pharmacy degree awarded by this College. In addition, I hereby voluntarily waive all legal liability against Wayne State University, its Board of Governors, its faculty, agents, and affiliates, in case I should acquire Hepatitis B as a result of a required pharmacy practice course.

Student Name: _____

P1 CHECKLIST

College Orientation - August 19

The mandatory College Orientation will be held virtually on August 19. You will receive additional information about this event in the upcoming months.

Pharmacy Orientation – August 19

The mandatory Pharmacy Orientation will be held in person on August 19. You will receive additional information about this event in the upcoming months.

White Coat Ceremony – August 20

The mandatory White Coat ceremony will be held in person on August 20. You will receive additional information about this event in the upcoming months.

TO BE COMPLETED BEFORE PHARMACY ORIENTATION:

- Register for first semester of courses.
- Complete Human Trafficking training for intern license before orientation.
- Complete HIPAA training.
- Complete the Biosafety/Bloodborne Pathogen Training.
- Order patient care lab items and set up CPR training through Kappa Psi.
- Order your lab coat through the Class of 2026.
- Read through the student handbook: https://cphs.wayne.edu/pharmd/student_resources.php
- Send updated official transcripts (if needed) electronically to:
admissions@wayne.edu
- Attend the college wide orientation on **Monday, August 19.**

TO BE UPLOADED IN CORE ELMS BY PHARMACY ORIENTATION DATE (AUGUST 19):

- Completed health clearance forms.
- Certificate of Biosafety/Bloodborne Pathogen Training.
- Proof of purchased liability insurance.
- Secure health insurance covering “injury and sickness.” This can be in the form of a letter from the insurance company or a copy of your insurance card. (If you are not the primary insurance holder, your card may have the name of your spouse or parent. This is acceptable.)
- Completed travel waiver. *Note that the student and witness must sign at the same time.*
- Proof of CPR course completion, **if done**. For classes provided by Kappa Psi, students will receive their BLS provider card via e-mail after completing the course.

TO BE COMPLETED BEFORE FIRST DAY OF CLASSES:

- Complete Implicit Bias Training and submit a Pharmacists Educational Limited (Intern) Licensure application.
- Get your student ID (OneCard) from the OneCard Office in the Welcome Center. This card allows you to gain access to the fitness center, check out library books, purchase food at on-campus eateries and park in one of our

parking structures. You can also purchase a semester parking pass from the Parking Office in the Welcome Center. Student IDs can be requested online or in person.

OneCard Service Center
The Welcome Center
42 West Warren
Room 257 (Second Floor)
(313) 577-CARD_
<http://onecard.wayne.edu/>
Hours: M-F 8:30am-5:00pm

- Purchase textbooks.
- Complete CPR course, if not already done.
